

Serving Customers Since 1914

COMPANY HISTORY

Fuller has been a name in automotive repair since 1914. It all started 4 generations ago when Willis Fuller, recognizing that automobiles were the future of transportation, quickly transitioned from horse and buggy repair to automotive ignition wiring. Following in his footsteps, Freeman Fuller continued automotive repair in the 1930's and 40's from a residential garage, then a barn, and eventually built the 68 Auburn Street location in 1951. From there, the business expanded into other divisions of auto repair. Assisting with this was Freeman's son, Richard Fuller who in 1961 continued to build upon the foundation of his father and grandfather, adding other branches of auto services and sales, including two dealerships and the current location on Rt. 20 in Auburn, which began with one building. Now a fourth generation of the Fuller family, Richard's sons Chris and Josh are carrying on the business that has built a solid reputation for the last 100+ years. The simple concept of working hard and being good to people has guided each generation into the future and the family dynamic is easily summed up as each generation wanting to do better than ones before them.

Today, the Fuller brand includes: Fuller Automotive, Fuller Auto Body, Fuller Pre-Owned Sales, Speedee Oil Change, Fuller Tire Center and Rapid Auto Rental, focusing on all aspects of preventative maintenance, service, collision repair, sales and rental. All businesses are together at one "campus" on Route 20, effectively serving as a "one stop shop" for all of your automotive needs.

Fuller Automotive Companies also on the lengthy involvement in their community and pro-activeness in hiring and training vocational school students. Each year the Fuller Companies of Auburn sponsor many youth sports teams as well as contribute to local schools, groups and organizations. Fuller Automotive Companies' continued involvement in the community is of utmost importance to their continued success.

The Fuller family takes great pride in this achievement and realizes that without the dedication and hard work from hundreds of previous and present employees this would not have been possible.
